

Therian

Architecture – Equipment – Technology

At [Therian](#), we provide the Animal Care Industry with a range of specialised services and equipment to improve every facet of your business.

Architecture

Our team of specialist architects design bespoke solutions for each of our clients to reflect the specific services and culture that differentiate your facility. We specialise in producing *practical, cost effective designs that ensure the best Return On Investment for you*, and provide for the best possible outcomes for the patients in your care and your clients.

Therian's animal architecture specialists work with all types of animal care facilities including animal pounds and shelters, veterinary clinics and hospitals, pet resorts, to name a few! Having a *100% success rate with DA approvals means we will successfully guide you through the maze of red tape*. [Want to know more about Architecture?](#)

Equipment

Therian's animal housing products can be found in more than 30 countries around the globe! Our designs encompass the latest research and trends in both design and animal behaviour whilst also improving workflow efficiency and the health of the animals in your care – *providing you with maximum return on your investment*.

Our Dog and Cat housing options are designed to reduce the spread of disease, be low maintenance and high durable to withstand the rigours of life with animals. Custom designed, you can colour and style to your needs. [Want to know more about Equipment?](#)

Technology

Therian is here to help you harness technology to provide absolute transparency within your business through the implementation of a Cubex solution.

Cubex automated systems help improve efficiency by eliminating the many manual tasks associated with pharmacy and supply management, including controlled substance logbooks, so veterinary practices can *standardise products, improve regulatory compliance and maximise bottom-line results.*

Our Cubex specialist will work with you to develop a tailored solution for the specific needs of your practice. [Want to know more about Technology?](#)
