

WHAT'S NEW

1

1. AQUA ONE Betta Sanctuary

The Aqua One Betta Sanctuary provides everything you need to create the ideal environment for a Betta fish. The Betta Sanctuary includes energy efficient lighting with white and blue LEDs to create a stunning daylight and moonlight display.

The easy to use compact filter will help to maintain water quality, providing both mechanical and biological filtration. Together with the preset heater to keep the water at the right temperature, it will ensure the best conditions to keep your Betta healthy and happy.

2. PET WIDGET

The Pet Widget badge serves both as an on-demand identification resource and fashion accessory for your pet.

As a key source of information, this lightweight, waterproof tag is an indispensable accessory. Designed to empower pet owners with the ability to control the information displayed on the profile whenever, wherever.
