

# WHAT'S NEW

### 1. FLUVAL Gravel Vacs

Now available in two convenient sizes - 20 - 50cm and 30-60cm for deeper aquariums. Fluval Gravel Vacs have great flexibility - featuring adjustable flow rates, easy start pump start, spill free bucket clip for total control of your gravel cleaning needs. Designed also to suit multi surface substrates - avoiding jamming of inlet mouth.

### 3. SOLUTIONS Dental Rings

Designed as an inexpensive way to clean teeth, remove plaque and tartar and whiten teeth for Dogs. Available in 3 size packs to suit all size breeds - Small - 4 pack , Medium - 3 Pack and Large - 2 Pack. The reinforced ring with dental paste surface has a pleasant minty taste that appeals to dogs, doubling as a play device as well.

### 6. HYPER FETCH - Power Ball Retrieving Device

The "play alone" ball pitcher to entertain dogs in your absence. The dog retrieves ball and drops it into device to have it thrown again. Comes with rechargeable battery, remote control and 3 super bounce balls.

### 4. XP3020 - Extra Premium Dog Food

Cookcoo has a large range of Rubber, Plush and Ball Toys all with unique features including treat dispenser, bouncy jump and bottle items. The feature range TORNADO - are available with and without rope addition and include the treat dispenser feature.

### 5. SCRATCH 'N MASSAGE Cat Bed

The ultimate in cat pleasure - a cat bed made from ripple board cardboard for both sleeping and claw sharpening. Added advantage is a surface ideal for rubbing and massaging to complete the pleasure cycle.

### 2. ROLL ' CLEAN - Self Cleaning Litter Boxes

Canada's most popular cat toilet system - Roll ' n Clean allows easy removal of waste clumps by simply rolling the unit one way and back - and clumps drop into a removable tray with handle - to be removed, waste disposed of and place back into unit. No need to scoop or touch the litter in this easy process.
