

Why become an Aquarium Gallery franchisee? For the model founded on absolute precision and because of our expertise in optimal domestic and commercial retail and wholesale. We are gratified to offer this proven system with its unique high level of distinct and interdigitated brand identity. Included is access to a team member with professional graphic and interior design skills. He ensures that all visual elements are presented distinctively to excite shoppers and enhance sales; this, combined with knowledge of and experience with long term sustainable aquaria will support your own endeavour. Our combined 45 years of experience allows an Aquarium Gallery Franchise to run efficiently and leave a bit of space in the working day to simply revel, appreciating the pure essence of excellence. We are looking for committed fish lovers and reef enthusiasts with the drive to join this innovative industry-leading evolution and who would love to go-the-limit in a dignified work environment that is simply a great place to work!

Aquarium Gallery is proud to be a member of the Franchise Council of Australia. This ensures that both the franchisee and franchisor are mutually supported. We provide efficient training for staff and management with continued in-store support. Together with regular communications and meetings this ensures you have on-going and up to date information, product knowledge and the know-how.
