Pet Doors Designed for

Timber Pet Doors: **(3 Sizes - White Only)**

-  **Easy to fit with simple Fitting Instructions**
-  **Can be fitted without taking door off**
-  **UV Stabilised**
-  **Spare Parts Available**
-  **Slim fitting - no interference**
-  **Basic Handyman Tools required**
-  **Template provided for easy cut out**
-  **Slide down Pet Lock-Out Panel provided**
-  **Frames squeeze together for varying Timber Thickness**

Timber Pet Door version
available in Small, Medium
& Large (White only)

Petway Timber & Security Pet Doors can be aligned to work together, best to fit the Security Pet Door first to enable alignment of Timber Pet Door correctly.

A Soft Flexible Flap (Sold Separately) is available so two flaps can work together. We recommend fitting the flexible flap to the Timber Pet Door.

ALSO AVAILABLE Security & Glass Pet Doors
